CE Marking

Lagan Building Solutions Ltd (LBS) products conform to the requirements of the CE mark. The following table provides the necessary information required to demonstrate conformity of LBS Armourbase Stick watertight membrane.

LBS Armourbase STICK is a watertight, vapour resistant, lightweight bitumen polyester-based underlay, with a self-adhesive backing. It is ideally suited for low pitch roof applications where they drop below 22.5°. It will also protect sarking from wind-driven rain and snow.

Weight/roll	9kg per roll / 450gsm
Thickness	0.5mm
Dimensions (L x W)	20m x 1m
Surface	20 sqm
Tensile Length*(EN 13859-1)	330N /50mm
Tensile Width*(EN 12311-1)	300N /50mm
Elongation Length*(EN 12311-1)	25-45%
Elongation Width*(EN 12311-1)	35-55%
Heat Resistance lower surface (EN 1110)	80°C
Cold flex lower surface (EN 1109)	-45°C
Water Column Test	W1 (*4m)
